Protegra CEO Continues to Contribute to Young Professionals

Fortune Cat provides young professionals reason to stay in Manitoba

Winnipeg, Canada – In another example of Protegra’s dedication and commitment to strengthening the community and keeping young people in Manitoba, Wadood Ibrahim, CEO of Protegra, appeared on CJOB today discussing Fortune Cat Games Studio and is presenting at the Asper School of Business concerning business strategy.

Ibrahim, Co-Founder and Vice Chair of Fortune Cat Games Studio, says that Fortune Cat provides successful applicants with training opportunities enhancing their knowledge base and skill sets. Fortune Cat was created to stimulate and support young professionals by providing them with the tools and technology to develop their gaming systems without having to leave Manitoba to achieve their goals.

“Young professionals don’t have to leave Manitoba to become successful, all the resources needed to get the experience they require is all right here,” says Ibrahim.

Ibrahim is presenting today and Thursday at the University of Manitoba speaking to an MBA program class of students on business strategies in high tech environments. Educational institutions in Manitoba have had Protegra present many times this year recognizing the experience, knowledge and contributions Protegra has made within the community.

Protegra experts work to solve complex business problems and tough IT issues with both government and private sectors including financial services, manufacturing, and agriculture. Its services include business performance consulting, executive-level innovation workshops, strategic planning, software design, implementation and maintenance. Protegra is 100 per cent employee owned.
