Protegra Becomes a Gold Certified Partner with Microsoft

Protegra continues its dedication to excellence through Gold Partnership

Winnipeg, Canada – Protegra, an award-winning business consulting and technology solutions company joined the high performing list of Microsoft Gold Certified Partners who represent the highest level of proficiency and expertise with Microsoft technologies and have the closest working relationship with Microsoft.

“Protegra is dedicated to maintaining the highest standards within both business and in technology,” says Protegra CEO Wadood Ibrahim. “As a Gold Certified Partner we receive a rich set of benefits including access to training and support giving Protegra a competitive advantage in the marketplace.”

Gold Certified Partners are the organizations that have passed the highest level of requirements demonstrating the knowledge, skills, and commitment to help implement Microsoft technology solutions that match client’s business needs.

The Microsoft Partner Program represents the ongoing commitment to the success of partners worldwide. The program offers a single, integrated partnering framework that recognizes partner expertise, rewards the total impact that partners have in the technology marketplace and delivers more value to help partners’ businesses be successful.

Protegra experts work to solve complex business problems and tough IT issues with both government and private sectors including financial services, manufacturing, and agriculture. Its services include business performance consulting, executive-level innovation workshops, strategic planning, software design, implementation and maintenance. Protegra works with clients across Canada, in the United States, Europe and Japan.
