Protegra Named Top 100 Solution Provider in Canada

Protegra recognized by Computer Dealer News as a Top Solution Provider

Winnipeg, Canada – Protegra, a business performance consulting and IT solutions company, has made the list of Top 100 Solution Providers by CDN. This is the first year that Protegra has appeared on the list.

This is the third recognition that Protegra has received in 2008. In March, Protegra was recognized by the Branham Group for being one of the top companies in Canada that integrate information technology into their solutions and in April Protegra was recognized by the Great Place to Work Institute as having one of the best workplaces in Canada.

“We would not be where we are today if it weren’t for the people. Our clients and every Protegra employee are the reasons why we are maintaining our continued success through the years,” says Wadood Ibrahim, CEO of Protegra. “Protegra focuses on the value we deliver to the people and it’s because of this relentless focus on value that we are award winning.”

Protegra is dedicated to maintaining an environment of integrity and trust. Everyone at Protegra has a voice in all aspects of the company where they are empowered to make a difference. Protegra has a unique people centric structure and a culture of open communication that focuses on delivering value not only to its clients, but also to its employees. Protegra provides business performance consulting and information technology solutions to organizations in Canada, the United States, Europe and Asia in industries such as financial services, agriculture, manufacturing and government.
